Lufta er for alle!

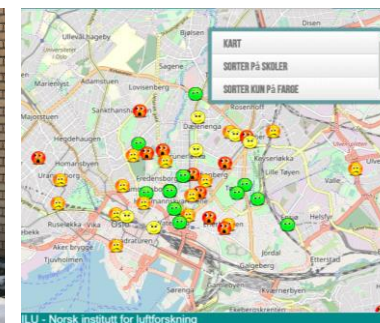

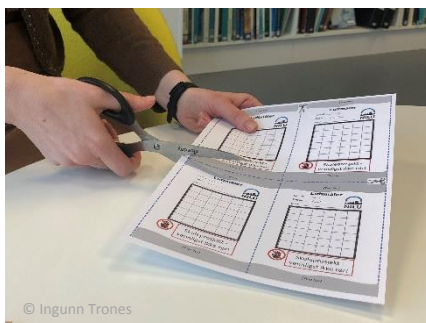

ASTMA- OG
ALLERGIFORBUNDET

Lufta er for alle!

- In partnership with Oslo European Green Capital
- Based on a «no-tech, no-cost» method using paper and Vaseline

- Campaign: <https://luftaforalle.nilu.no> (15.3. - 15.5.19)
- Target group: schools in the area of Oslo and surroundings, but everyone is invited to join

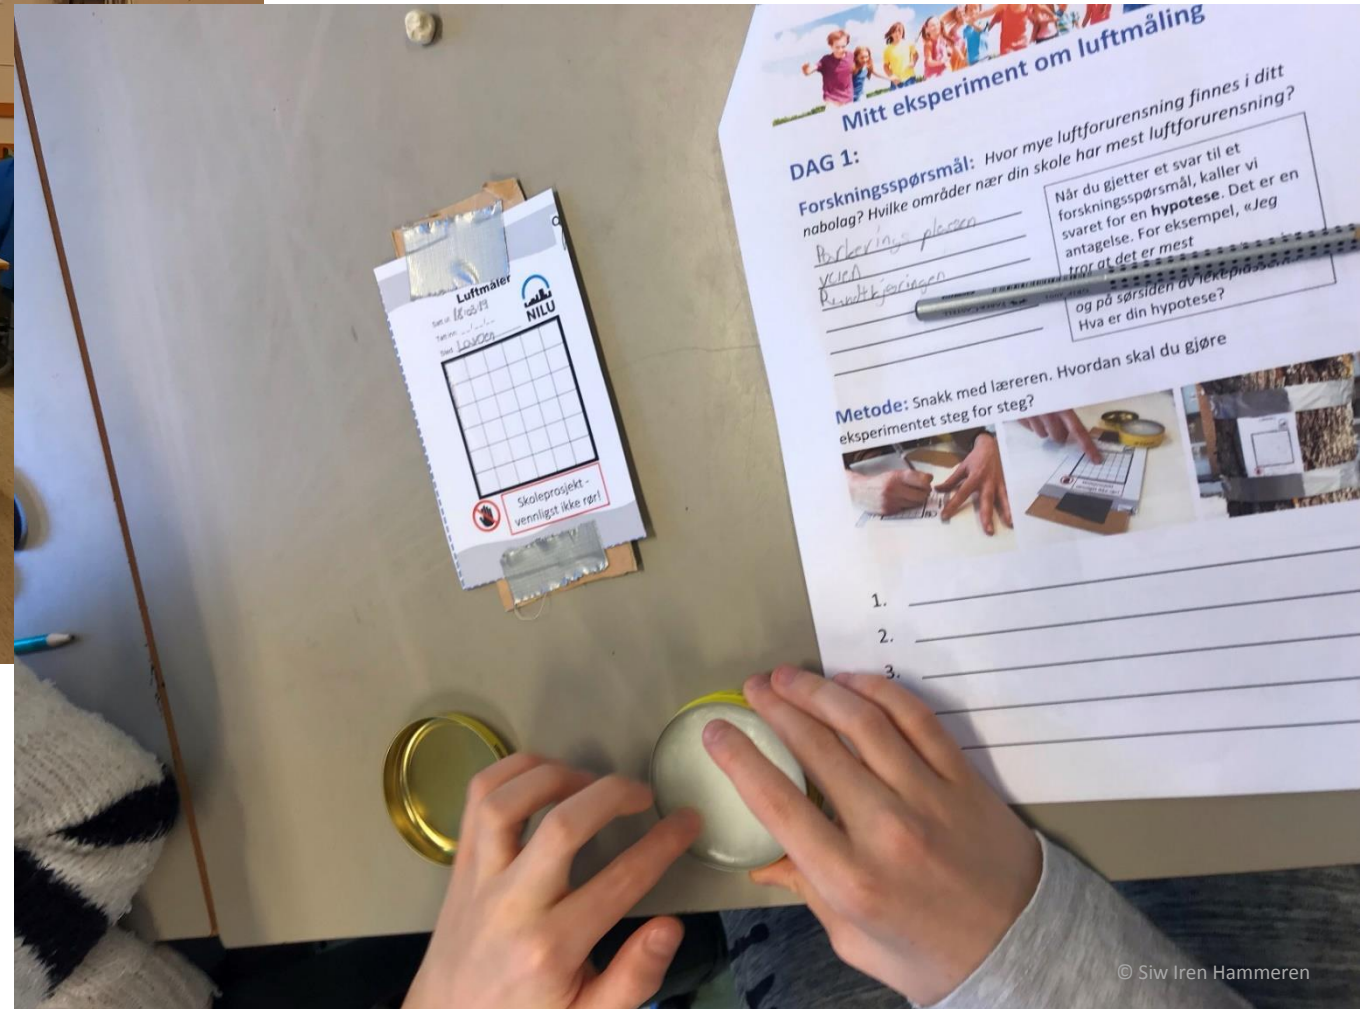

Launch at Årvoll skole 15.3.19

Preparation of the luftmåler

Deployment of the luftmåler

Analysis of the results

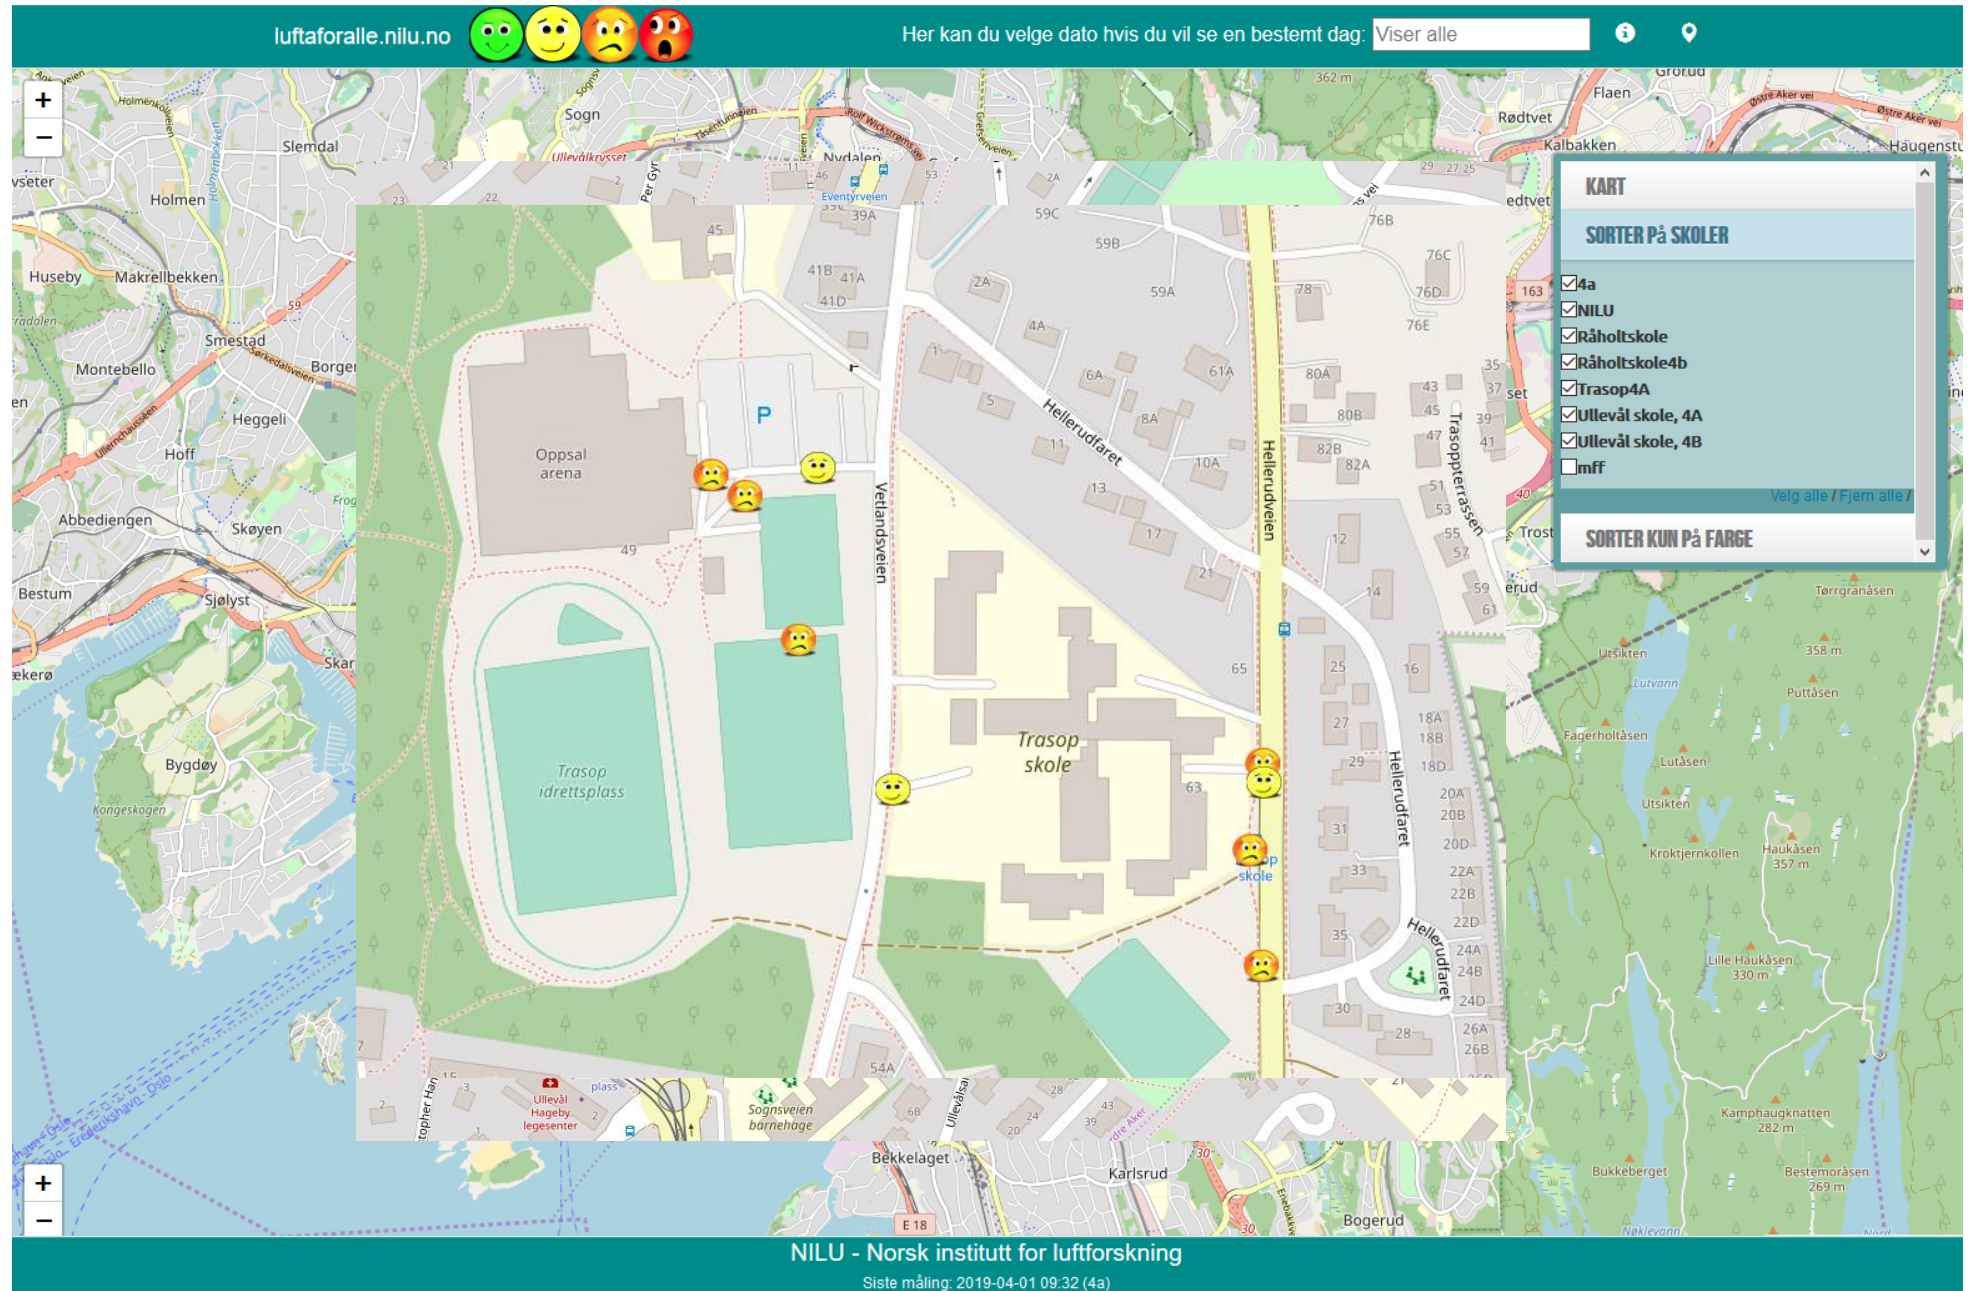

Sammenlign luftmåleren med støvskalaen og velg smilefjeset som passer til:

Bilde	Beskrivelse	Prikker pr cm ²	Luftforurensningsnivå	Smilefjes
	Papiret har mange svarte og grå prikker. Store deler av papiret har blitt grått.	> 50	Veldig høyt	
	Papiret har ganske mange svarte og grå prikker. Det er noen felter på papiret som har blitt grå.	26 - 50	Høyt	
	Papiret har svarte og grå prikker over hele flaten, men det er ikke noen felt som er farget helt grå.	11 - 25	Noe	
	Papiret har bare noen få svarte og grå prikker, og det er ikke noen felt som er farget helt grå.	< 11	Lite	

Input of the results

WE CAN'T STOP BREATHING. BUT WE CAN DO SOMETHING ABOUT THE QUALITY OF OUR AIR.

World Environment Day

Miljøfestivalen #mittgrønneoslo

Lørdag 1. juni 2019
Kl. 12.00 - 17.00
